

## ACTIVITY 17: CELEBRITY SEARCHES

### New Skills Reinforced:

In this activity, you will practice how to:

1. merge cells in a spreadsheet.
2. insert a page footer.

### Activity Overview:

Most people are quite familiar with Internet search engines. Yahoo!®, one of the most popular search engines on the Web, allows users to find content within a specific criteria. Each year, Yahoo!® publishes the top searches its users made in many categories. Looking back at these lists can give anyone a sense of what was popular and in the news for the given year. Since the lists cover everything from celebrities and news to sports and entertainment, a fact seeker or trivia buff will never be without accurate data on what Internet users were looking for.

The following activity illustrates how spreadsheets can be used to list the top celebrity Internet searches made by Yahoo!® users.

### Instructions:

1. Create a NEW spreadsheet.  
**Note:** Unless otherwise stated, the font should be set to Arial, the font size to 10 point.
2. Type the data as shown.
3. Use AutoFill to complete the number sequence in column A.
4. Format the width of column A to 6.0 and center align.
5. Format the width of column B to 28.0 and left align.
